

The background of the cover features a photograph of a group of school children, mostly boys, standing in a line in front of a traditional building with a thatched roof and light-colored walls. The children are wearing yellow school uniforms. The image is partially overlaid by a large green diagonal shape on the left and a purple diagonal shape on the right.

“WHERE EDUCATION MEETS PURPOSE”

A Year of ProVISION~2020 started on the ground in Afiencya, Ghana overseeing the construction of the FIRST PurposED School, then onto Zimbabwe to witness the unveiling of more of the VISION. We ended up in the USA thru a divine detour due to COVID-19 restrictions yet knowing . “He who has begun a Good Work is faithful to perform it.”

Year Overview

In January on the ground in Afienya, Ghana, TKM met with the team overseeing the construction of the First PurposED School. Our team met with engineers, laborers, Ghana TKM Board members and community partners. We spent days interviewing the little angels for the first 20 spots at the PurposED School. The stories of their families pierced our hearts as we saw Purpose in their little eyes. One thing was evident, this Work would go forth. The Congressman of Afienya blessed the project and offered help to reduce cost for the materials and even extended the borders of the land plot. After bolstering the team in Ghana, TKM traveled to Zimbabwe to support Abundant Grace International Fellowship and New Day Ministries in local education projects and fielding opportunities for PurposED Schools in the future. We were blessed by Dr. Charity Campbell joining our efforts and producing an amazing visual story. Even in the midst of Covid, we are assured by the scripture in Psalms 33:11, "But the plans of the Lord stand firm forever, the purposes of his heart through all generations."

The Widow's Mite

TKM  PurposED School-Ground Breaking

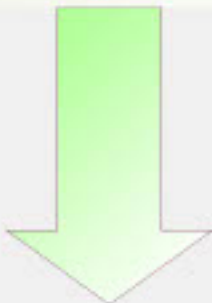

Rev. Bright

The original land that had been dedicated to the school was put in jeopardy due to infighting over the father's estate.

A family chief flew 8,000 km to inform us that God had instructed him to meet with us and introduce us to his sister. We found ourselves on a mountain top prayer center overseen by a God-fearing widow with 5 children who lived nearby in Afienya, Ghana.

When we met her, she informed us that she had a small plot of land as the inheritance for her children, and then the unthinkable happened- she offered it freely to PurposED School.

We also sponsored students in Zimbabwe who were facing dismal financial situations. Little is made much in the Master's Hands. We appreciate your giving as we have seen its impact first hand.
